

TECHNICAL REFERENCE DATA RECORD			Location (City/State)			Date Prepared		Page No.				
Cost Center Code		Location Ident.		Facility Alpha Code		Facility Ident. Code		S	C	F	T	M
Equipment/System Type				Serial No.		Frequency		Optional Use				
Reference Handbook/Directive (Number and Title/Subject)												
Reference PAR/DOC Number	Parameters	STD Values	Initial/Auth. Tolerances		Measured Values	Revisions						
			Lower Limits	Upper Limits		Type	Date	Initials				
JO6580.5B	3-2 Antennas and Transmission Lines											
3-30	External Transmission Path											
a.	Methods1 - FDR parameters											
para 5-45	Frequency-SWR											
para 5-46	Distance to Fault-SWR (DTF-SWR)											
b.	Method 2 - TDR and RL Parameters											
para 5-47	Time Domain Reflectometry (TDR)											
para 5-48	Return Loss (RL)											
b.	Method 2 - TDR and RL Parameters											
para 5-4+	eg SWR at antenna											
para 5-4'	SWR at antenna											
para 5-51	Standing Wave Ratio SWR at antenna
